MASNET No. 37 OF 15.01.2004
Announcement No. 37

SINGAPORE TELECOMMUNICATIONS LIMITED

**ANNOUNCEMENT PURSUANT TO CLAUSE 704 OF THE SGX LISTING MANUAL
- INCREASE IN INTEREST IN MEDIACORP PRESS LTD**

Singapore Telecommunications Limited ("SingTel") wishes to announce that following a capital injection by SingTel of \$1,140,000.19 to MediaCorp Press Ltd ("MediaCorp") for which SingTel was allotted 2,326,531 ordinary shares of par value \$0.49 each, SingTel has increased its interest in MediaCorp from 23.9% to 24.4%. The consideration is based on the par value of the shares. The latest available unaudited net tangible asset value per share of MediaCorp as at 31 December 2003 was \$0.0722.

The principal activity of MediaCorp is the publishing and distribution of newspapers.

By Order of the Board

Chan Su Shan (Ms)
Company Secretary

SINGAPORE TELECOMMUNICATIONS LIMITED

NEWS RELEASE - MOU REACHED ON C2C DEBT RESTRUCTURING

Attached are news releases made by Singapore Telecommunications Limited and its 59.5 per cent.-owned subsidiary, C2C Pte Ltd, respectively.

rel 120104.pdf C2C release 120104.pdf

Submitted by Lim Li Ching (Ms), Assistant Company Secretary on 12/01/2004 to the SGX

News Release

MOU reached on C2C debt restructuring

Singapore, 12 January 2004 -- Singapore Telecommunications Limited ("SingTel") wishes to announce that SingTel and its 59.5 per cent-owned subsidiary C2C Pte Ltd have reached agreement in-principle with C2C's banking syndicate (the "Lenders") regarding the main commercial terms and conditions of a consensual restructuring of C2C's US\$650 million senior secured credit facility. The terms and conditions of the restructuring have been set out in a Memorandum of Understanding executed by the parties on 9 January 2004. Closing of the restructuring is conditional upon, inter alia, finalisation of satisfactory documentation.

SingTel Chief Operating Officer, Mr Lim Toon, said that the terms of the restructuring meet SingTel's previously stated objectives, including that of achieving a long-term solution to C2C's current financial difficulties. Mr Lim said: "Combined with recent initiatives by C2C to reduce its operating costs, the restructuring seeks to arm C2C with the required financial flexibility to compete effectively and position itself successfully for long-term growth."

Under the Memorandum of Understanding, amongst other things, the principal amount outstanding of approximately US\$592 million and certain other amounts payable under or in connection with the Facility ("Total Debt") will be restructured into three tranches.

The first tranche, of up to approximately US\$200 million, will be subject to a debt buy-back by C2C from the Lenders at a discount of 45 per cent and retired ("Retired Debt"). The remaining amount, equivalent to the Total Debt less the Retired Debt, will be restructured into two secured tranches, Tranche A and Tranche B. Tranche A comprises approximately US\$200 million with a maturity period of seven years, while Tranche B comprises the balance with a maturity period of 12 years.

The proposed restructuring envisages that funding of up to US\$225 million is to be made available to C2C by SingTel. Part of such funding is to be secured and rank *pari passu* with the Lenders' Tranche A. The US\$225 million funding is to be convertible at the option of SingTel into equity or capacity on the C2C network.

Out of the US\$225 million funding, US\$110 million is to be made available to C2C for buy-back of the Retired Debt, and the balance US\$115 million as a working capital facility to C2C.

Corporate restructuring of C2C Holdings

SingTel also wishes to announce that the shareholders of C2C Holdings Pte Ltd ("C2C Holdings"), the holding company of C2C, have approved a proposed capital reduction of C2C Holdings to cancel capital that is lost or unrepresented by assets. SingTel has an interest of 59.5 per cent in C2C Holdings. As the capital reduction will be done on a pro-rata basis, the respective shareholding percentages of the shareholders of C2C Holdings will remain unchanged immediately thereafter. The proposed capital reduction will take effect upon compliance with the relevant requirements under Bermuda law.

About SingTel

SingTel is Asia's leading communications company with operations and investments in more than 20 countries and territories around the world. Serving both the corporate and consumer markets, it is committed to bringing the best of global communications to customers in the Asia Pacific and beyond.

Operating out of two major centres, Singapore and Australia (through wholly-owned subsidiary SingTel Optus), the SingTel Group provides a comprehensive portfolio of services that include voice and data services over fixed, wireless and Internet platforms.

In Singapore, SingTel has had more than 120 years of operating experience and has played an integral part in the development of the city as a major communications hub in the region. In Australia, Optus serves more than six million customers. It has driven the competition as the challenger brand and led the way in technological innovations and breakthroughs.

The Group's other major investments in the region include Advanced Info Service of Thailand, the Bharti Telecom Group of India, Globe Telecom of the Philippines and Telkomsel of Indonesia. Together with its regional partners, SingTel is Asia's largest multi-market mobile operator, serving about 41 million customers in six markets.

SingTel has been recognised Best Asian Telecom Carrier by industry publication, *TelecomAsia*, for six consecutive years since 1998. The Group employs more than 19,000 people around the world and had a turnover of S\$10.26 billion (US\$5.80 billion) for the year ended 31 March 2003. More information can be found @ www.singtel.com and www.optus.com.au.

About C2C

C2C is a cutting-edge private cable development company operating one of the world's largest submarine cable networks. The 17,000 km cable network uses state-of-the-art Dense Wavelength Division Multiplexing technology that will meet the needs of next generation networks.

Unlike traditional submarine cable systems in Asia that provide shore-to-shore connectivity, C2C works with local carriers in various markets to provide a one-stop-shop for city-to-city (C2C) connectivity. This means that C2C customers can purchase capacity on direct links to various major business centres in Asia and the US from C2C and its landing parties. Capacity on the C2C network is available on a wholesale basis to other carriers that have a need to carry traffic to, from and within the Asian region and onwards to North America.

C2C's investors include SingTel, Globe Telecom Inc (Philippines), Enterprise Networks Inc. (South Korea), iAdvantage (Hong Kong), KDDI-SCS (Japan), KDDI (Japan), New Century Infocomm Company (Taiwan) and Tyco Asia Networks (USA).

News Release

C2C strengthens long-term position as leading wholesale bandwidth provider

- *MOU signed on debt restructuring*
- *Additional shareholder funding of US\$225 million*

Singapore, 12 January 2004 – C2C Pte Ltd today announced that, together with its lenders and majority shareholder Singapore Telecommunications Limited (SingTel), it has reached agreement in-principle on the main commercial terms and conditions of a consensual restructuring of C2C's US\$650 million senior secured credit facility.

Details of the agreement can be found in the announcement on this subject issued by SingTel today.

Under the Memorandum of Understanding, the principal amount outstanding of US\$592 million and certain other amounts payable under or in connection with the credit facility will be restructured into three tranches. This will provide C2C with financial flexibility to compete effectively and to position itself for long-term growth.

As part of the agreement and upon finalisation and execution of the restructuring documentation, C2C will also receive additional funding of US\$225 million from SingTel and, potentially, certain other shareholders.

C2C's immediate priorities continue to be meeting the needs of its customers and to manage costs aggressively. Mr Hoh Wing Chee, Acting CEO of C2C, said: "C2C has always been committed to providing world-class service to our customers over our seamless and extensive fiber-optic cable network. We are pleased with the terms of the MOU which ensure financial stability for the on-going operations of C2C's cable network, and which improve the company's business viability."

C2C has made significant progress in managing its costs and instituting greater financial discipline to strengthen its business. Some of the measures taken include renegotiating property and backhaul leases, as well as controlling administrative expenses, operating and maintenance costs.

The pan-Asian C2C cable network is reputed for its quality and reliability. The 17,000 km cable network is self-healing and fully diversified, linking China, Hong Kong, Japan, Korea, Philippines, Singapore and Taiwan, with direct connectivity to the United States via C2C's own trans-Pacific link.

SEC File No: 82-3622

Mr Hoh said: "The resilience of the C2C cable network was once again proven during the recent earthquake in North Asia which affected a number of other cable systems for more than a week. C2C received many requests from carriers to provide them with restoration services on our cable network in order to minimise disruption to their telecommunication services."

C2C's business model is built around partnerships with its customers, many of which are telecommunications carriers. Over the past 12 months, C2C has maintained a clear focus on the wholesale of bandwidth and intends to stay in this niche and not compete directly with its customers. "We are concentrating on our core competencies. This means sweating our assets, focusing on our core business and being better at what we do," said Mr Hoh.

C2C offers a wide range of bandwidth services with flexible contract schedules, including short-term leases and IRUs. These are complemented by carrier grade offerings, such as co-location and city-to-city connectivity with round-the-clock network management and maintenance service through C2C's 24x7 Network Operations Centres located in Singapore and Hong Kong.
